Dear friends,

During the solidarity groups meeting of 9-11 March, we had circulated an account of an interview we had with an official from the French foreign ministry.

We should have written on it, or stressed during the meeting that this interview was not public, or at least that the official has by no means given us an agreement that we can use it publicaly.

Therefore, it is problably best to consider this document as a working document for private use, and especially not to mention the official's name in any public release. (It was a mistake of us to have actually mentioned this name).

With all our thanks for your understanding,

Agir pour Timor

PS There has been a misprint on the list of addresses of the solidarity groups : our phone number is 33(1) 43 49 24 23 and not 33(1) 743 49 24 23.
